Some info About our Awesome Speakers

Danny Cantrell, CEO/Founder

Solutions by Text is a Dallas based, locally owned & operated, dedicated dynamic team of business professionals/consultants who provide a fresh approach through the eyes of technology. There is nothing they love more than figuring out how to enhance (revolutionize) making mobile a more effective and profitable extension of your business strategy to help improve profits and customer relations.

Daren Martin, PhD/CEO, is a Culture Architect

Extensive world travels, a PhD in Psychology, experience building a business, and thousands of strategic conversations with leaders of Fortune 100 to small companies convinced Daren that change is a good thing. Change is how we advance, develop, and forge new worlds.

Daren provides strategic consulting for businesses and organizations on change mastery, innovation, growth strategies, and culture development. He grows companies by helping them build more innovation, efficiency, and strategic and critical thinking into their business. He assess company cultures and develops a strategic plan to better align their culture with their desired results

Colonel (ret) Richard Graham

You will not want to miss hearing Rich talk about his flight experience with the SR-71 Blackbird. Colonel Graham flew an F4 fighter in Vietnam and for seven years amassed 756 hours in the SR-71, the world's fastest and highest flying aircraft. In 1980, he was selected to be the squadron commander of the SR-71 unit at Beale. He has written four books on the SR-71 Blackbird and will be sharing some exciting stories with our group this Tuesday.

The Frontiers of Flight Museum is one of the finest and most exciting venues in the Southwest. For more info about FOFM visit their [website](#).
